	Mailing Address, if different from above:		Mailing Address, if different from above:

Weather Acclimation/Disease Certification Statement: The animal in this shipment appears healthy for transport but need to be maintained at a range of ambient temperatures (in Fahrenheit) to which the animal has been acclimated, as determined in consultation with the owner/authorized agent to be no lower than 35 degrees for 30 minutes and no higher than 80 degrees not to exceed 85° F for no longer than 30 minutes.

- Certificate is valid for 30 days from date of inspection -

VETERINARIAN I certify that I have inspected the above animal(s) and, except as noted, have found it (them) to be free of signs of infectious, contagious, or communicable disease. Each animal was tested, immunized, or treated as indicated, and to the best of my knowledge meets both state of destination and federal interstate movement regulations. No other warranty is made or implied. To the best of my knowledge, none has been exposed to rabies.
